GitHub: <https://github.com/Dakshina-Migara>

Portfolio: <https://migara.me/>

PROFILE

Highly motivated and detail-oriented Aspiring Software Engineer Intern with a strong foundation in building scalable, user-centric web and mobile applications. Proficient in full-stack development, modern architectural design patterns, and combining robust backend logic with clean frontend user interfaces. Eager to apply problem-solving skill sets and technical frameworks to real-world engineering teams.

TECHNICAL SKILLS

Front End: React, React Native, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+), Bootstrap

Back End: Spring Boot, Java, Express.js, JavaEE (Servlets, JSP), Node.js, RESTful APIs

Database: MySQL, Spring Data JPA

Tools & DevOps: Git, GitHub, AWS, Postman, JavaFX, Canvas API

PROJECTS

- **SmartBiz Solution** - A smart business solution application engineered with modern web technologies, optimizing cross-platform communication and enterprise management modules. Technologies: React, React Native, Java, Spring Boot, MySQL, REST API, AWS. Link: <https://github.com/stars/Dakshina-Migara/lists/project-01>
- **2D Game** - Web-based 2D gaming application rendering fluid layouts, custom game logic flows, and responsive UI frame tracking. Technologies: HTML, CSS, JavaScript, Bootstrap. Link: <https://github.com/Dakshina-Migara/2D-Game>
- **Employee Management System** - Secure backend REST API for managing employee configurations using CRUD operations, emphasizing industry-standard practices, DTO patterns, and data persistence. Technologies: Spring Boot, MySQL, REST API, Spring Data JPA. Link: <https://github.com/Dakshina-Migara/spring-boot-mysql-employee-crud>
- **React Drawing Board** - An interactive, responsive web paint application incorporating customizable tools, brush configurations, and complex canvas manipulations. Technologies: React, Canvas API, Web App architecture. Link: <https://github.com/Dakshina-Migara/react-drawing-board-web>
- **Java EE Management System** - Enterprise-grade web management ecosystem utilizing standard servlet architectures to accurately map, isolate, and control records. Technologies: Java EE, Servlets, JSP, JDBC, MySQL. Link: <https://github.com/Dakshina-Migara/java-ee-employee-crud-system>
- **JavaFX Employee App** - Desktop management CRUD platform utilizing layered architectures to safely ensure clear separation of concerns and responsive UI rendering. Technologies: JavaFX, Java, Desktop. Link: <https://github.com/Dakshina-Migara/javafx-employee-crud>

EXPERIENCE

Academy of Computer Programming and Training (ACPT) - 2025 August – 2026 February

Advanced Full Stack Software Developer training program.

EDUCATION

- Higher National Diploma in Software Engineering - ESOF Metro Campus - **2023 - 2025**
- Advanced Full Stack Software Developer (AFSD) - ACPT - **2025 - 2026**
- GCE Advanced Level (A/L) - Technology Stream - Sandalanka Central College - **2019 - 2022**

SOFT SKILLS

Problem-Solving, Creative Thinking, Analytical Skills, Communication, Attention to Detail, Continuous Learning

EXTRA-CURRICULAR ACTIVITIES

- Karate Black Belt Player - Dedicated martial arts practitioner developing discipline, focus, and physical endurance.
